DANTE SIN

Software Engineer | Game Developer | Computer Science Student
(413) 835-1898 | dantesin100@gmail.com | linkedin.com/in/dante-sin-1a2179161

PROFESSIONAL SUMMARY

Software developer and Computer Science student with professional experience building, testing, debugging, and maintaining software, including game-development experience at Demiurge Studios. Founder of SinE Game Studios with hands-on responsibility for programming, project management, artistic design, testing, and product development. Experienced collaborating with artists, designers, engineers, and cross-functional teams.

TECHNICAL SKILLS

Languages: C, C++, C#, Python, Java, JavaScript, SQL, Lua, PHP, HTML, Ruby
Development & Collaboration: Bitbucket, Jira, Confluence, Trello; debugging, testing, source-code maintenance, software/hardware integration
Systems / Cloud / Networking: Windows, Linux, VMware, VirtualBox, Microsoft Azure, Azure SQL, TCP/IP, DNS, HTTP/HTTPS, SSH, SSL/TLS, SMB

SOFTWARE & GAME DEVELOPMENT EXPERIENCE

Founder | SinE Game Studios Jun 2021 - Present
- Lead programming, project management, artistic design, testing, and day-to-day product development for independent game projects.
- Use Bitbucket with Jira, Confluence, and Trello integrations for source control, task tracking, documentation, and project coordination.
- Establish development methods and best practices; incorporate community feedback to develop and optimize products.

Associate Software Engineer Intern | Demiurge Studios Jul 2018 - Dec 2018
- Delivered functional software systems on schedule and collaborated with artists and designers to define and implement game features.
- Troubleshot live server operations, responded to outages, and worked within cybersecurity policies and procedures.

Junior Developer | University of Massachusetts Amherst May 2017 - Jul 2018
- Integrated software with production hardware and implemented, tested, debugged, and maintained source code.
- Used Bitbucket with Jira, Confluence, and Trello integrations to support source control, task tracking, documentation, and team coordination.
- Collaborated across departments to develop new technical ideas, initiatives, products, and services.

ADDITIONAL TECHNICAL EXPERIENCE

IT Technician | Link To VR Jun 2022 - Dec 2022
- Installed, maintained, and repaired computer hardware, VR headsets, servers, and software.

CNC Machinist / CNC Operator | Cooper Machinery Services; Emerson; Valley Steel Stamp Dec 2022 - Present
- Operate, maintain, and troubleshoot precision CNC systems; edit programs and collaborate with engineering using technical drawings, blueprints, and G/M code.

EDUCATION

B.S. Computer Science | Western Governors University (WGU) In Progress
Computer Science | Greenfield Community College 2018 - 2022

CERTIFICATIONS & ADDITIONAL TECHNOLOGIES

Google IT Certification | Microsoft Certified: Azure Network Engineer Associate & Office 365 | CompTIA A+, Network+, Security+ (Expired) | Proxmox, Docker, Debian Linux, NAS, Jellyfin, self-hosted game servers
